BEIGE, BLACK & DRESS

I brought the inspiration for the new series from Art Basel Miami, where I exhibited 2022. In these artworks I show the real atmosphere of freedom and creativity of this place. I used figurative and abstract style in the paintings to achieve the perfect combination of light dresses and skin colors.

Enjoy it!

“Yuliya Grzmehle's paintings are full of colour, full of verve, full of life. Her art of painting manages to give the viewer access to their own feelings. It awakens what is in us, it shows us our hidden inner world, a universe full of emotions, a partly forgotten, repressed world like that of our inner child, our dreams, our freedoms, our origins.”
